WORK EXPERIENCE

McDonalds, Crew Member – Cookeville, TN

June 2021 – December 2021

PROJECTS

ITF+ Study Website

- Worked with others to create a website with HTML, CSS, and JavaScript that was used by my peers to study for the CompTIA ITF+ certification exam
- My website allowed over 66% of students from my high school to pass the certification exam

ACTIVITIES

GT WebDev, Back-End Web Developer

Feb 2023 - Apr 2023

- Collaborated with a small group of students on a web application that focused on emphasizing the social component of meal times.

CyberPatriot, Cisco Team Lead

Aug 2017 – March 2022

- Collaborated with different people to place consistently well
 - 2022 – 3rd place overall while mentoring a rookie team to second place in Tennessee
 - 2018-2022 – 1st place in Tennessee
